CAMP KINDA

Subject: All

Grade Level: K-8

Cost: Free

Camp Kinda is a free virtual summer experience designed to keep kids in grades K-8 engaged, curious, and having fun—even if they're stuck at home. It's like summer camp... kinda.

ANDROMEDA ONE

Subject: STEM

Grade Level: 4-8

Cost: \$55

Ayer Shirley's FRC Robotics Team Andromeda One is excited to offer its annual summer STEM program in VIRTUAL format during the week of July 20th so we can all keep learning amazing things! This virtual experience is for students entering grades 4-8 in the Ayer Shirley communities and beyond. Activities and experiments will be presented via pre-recorded videos with supplies provided in advance so participants can move at their own pace. For those interested in more engagement, there will be Zoom check-in visits throughout the week. For more information, contact coachayershirleyfirst@gmail.com or complete the attached **registration form**. Make sure you register by the June 19th due date!

CAMP WONDEROPOLIS

Subject: STEAM

Grade Level: 2-8

Cost: Free

Fun, free STEAM—science, technology, engineering, arts, and math—programs. How does a hot air balloon fly? Why does slime feel so gooey? How does a crane work? These are just a few of the things your child can explore this summer.

Subject: Art
Grade Level: K-7
Cost: Free

From June to August, kids ages 6 through 13 can enjoy mixed media, painting, drawing, and textile art classes via Zoom.

Subject: Arts, Crafts, Photography, Magic, Sports
Grade Level: K-12
Cost: 24 hour free trial, \$8/month after

From sports and arts and crafts to photography and magic, Happy Camper Live will give your kiddo a real camp feel at home—there's even a virtual campfire! You can stock up on some camp gear ahead of time to really make your child feel like they're at camp.

Subject: ALL
Grade Level: K-6
Cost: Free

Free age-by-age tips, crafts, games, and activities to get you through summer. You can search by your child's age and the area you'd like to work on to find the best options—and, yes, some of the activities will include characters like Daniel Tiger and Elmo.

Subject: Career Focused
Grade Level: 7-12
Cost: Free

Your high school student might be over the days of typical summer camp, but there are still free opportunities for them to get off the couch and be a little more selective with their screen time. K12 Inc. Summer Camp offers tuition-free, career-oriented summer courses in coding, video game design and programming, business and marketing, health care, and more—some of which will even earn students high school credit.

Start with a Book

Subject: Reading
Grade Level: K-6
Cost: Free

Reading Rockets' "Start with a Book" program is free and sort of an online book club for kids ages 6 and up. With 24 topics—including dinosaurs, time travel, and sports—to choose from, your child will be matched with the books to check out as well as corresponding activities, apps, and ideas to keep the fun going after the book's done.

The Metropolitan Opera

Subject: Music
Grade Level: 3-12
Cost: Free

The new [Met Opera Global Summer Camp](#) is a free, eight-week online summer camp—running from June 15 to August 7—for kids in third through twelfth grade. Kids will get the chance to explore music in a new way with the Met's extensive digital library of operas, plus creative projects to try at home, face time with music educators, and even opportunities to interact with Met artists.

Subject: Variety
Grade Level: K-12
Cost: Free

Varsity tutors offers week long interactive summer camps to keep your child's mind active. They have quite a few options so depending on your child's interest it's easy to find something suitable for them. Some of the virtual camp themes they offer are art, Lego, detective and fairy tales. Your child can work with campers all across the world and open their mind to new things. Taught by professional instructors and with a focus on encouraging your child to try new things, this virtual summer camp is a great choice for any K-12 student.

Subject: Project Based Learning
Grade Level: K-12
Cost: Free

Makers Summer Camp focuses on hands on learning for children. It's project focused where your child builds things based on their interests. With a focus on science technology, and art it brings multiple disciplines together. Your child receives daily potential activities they may like ranging from creating slime to building unique art portraits.
